

ideal for mobile plug-n-play

# Janus

## summary

Vanguard LED introduces the **Janus series** of transforming mobile displays.

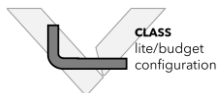

Available at 2K, 4K, and with diagonals from 110" up to 136", **Janus** displays are the perfect solution for flexible and varying display needs. Featuring motorized and folding wing columns, as well as motorized height, the entire display will deploy and collapse with the push of a button.

**Janus** displays include speakers as well as an integrated controller making the system truly plug-n-play, while also being highly mobile.

## classes

# connections

source connections

(2) HDMI, (1) 3.5mm, (2) USB3.0, (1) USB2.0, (1) RJ45

Wi-Fi modes

5G, 2.4G, Access Point

control

Remote control, touch panel

# specifications

maximum brightness

1,000 Nits

environmental rating

Indoor, mobile installation

panel ratio

16:9

LED half-life\*

100,000 hours

refresh rate

3,840 - 7,680 Hz

frame rate

50, 60 Hz

color temperature

2,000 - 12,000 K range

processing depth

14 - 16 bit

temperatures

-10°C - +40°C operating

operating humidity

10% - 80% RH, non-condensing

operating voltage

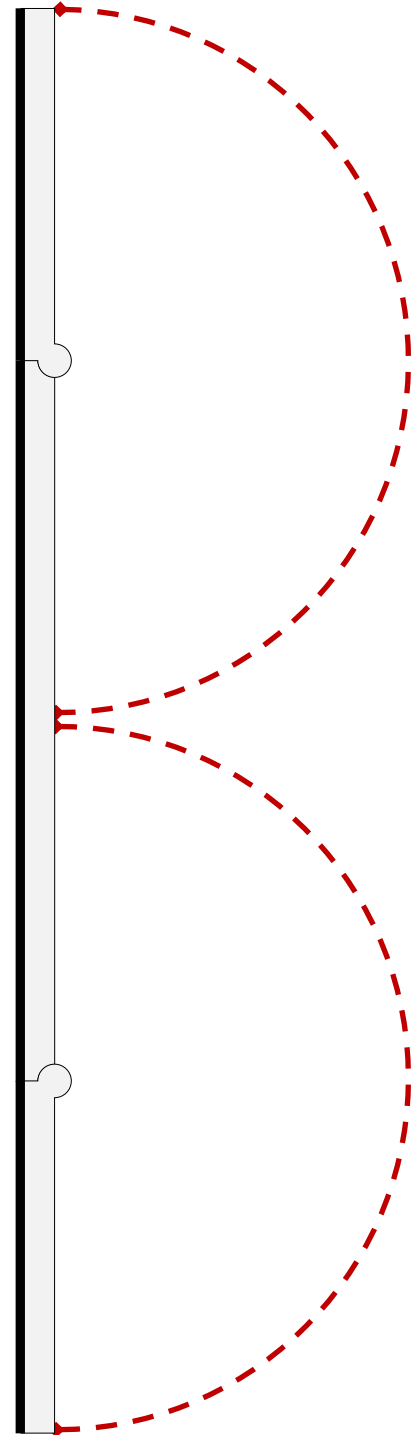

100-240V AC, 50/60 Hz

ip rating

IP30

service access

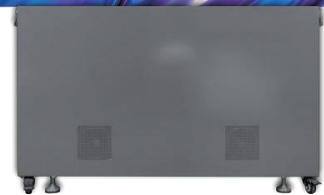

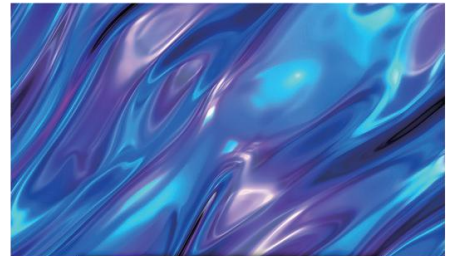

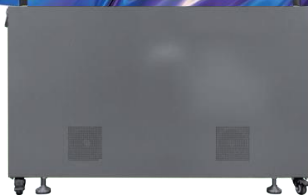

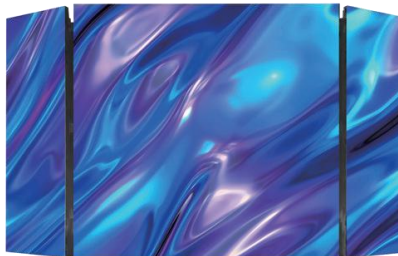

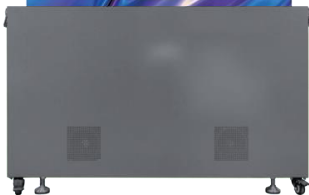

Front

## Convenient push-button operation

## Small footprint for easy transport and storage
